HONGKONG, APRIL 2ND, 1894. THE remarks off the drainage of the Colony

the last meeting of the Sanitary Board, merit careful atttention both on the part of the authorities, property owners, and community the new drainage system, the remaining ninestorm water drains. At this season of the year tiolly powerless to act without the that arise from the drains, and a good deal of sickness is caused thereby, notwithstanding the recent report of the London County Council's expert to the effect that micro-organisms existed in smaller numbers in sewers and about sewer openings than in D La Rose, Red Capsule ...... 12.96 13.92 | timently remarked by the Captur Superintendent of Police in his minute on that report, the investigation only proves that the poisonous principle of sewer air has not yet unwholesome and the Sanitary Board Sample bottles and smaller quantities will be the separate drainage system was completed expectation has not been realised, and an impression has prevailed rather extensively seem that the system has not had a fair charging their sewage into the storm, water drains. If the whole of the houses were connected with the new system, Mr. Rant says, the sewers would profit by having a flow of sewage brought up to something like the concerning the charges elleged against him in quantity for which their sizes were calculate 1 and the storm water drains would trickle of sewage which renders them so

backs. Mr. Ram says complaints continue to be made concerning the liability of the easily sati fied and insisted that the man had now pipe drains to get out; of repair by boon enting, "If he has been enting," said the ebstruction. "Examination shows, however, that in nearly every case choking is sent once more to the man, who found there was dering what the fortile ingentity of the ladies "mind the fact that drains are constructed "for the carrying off of liquids and not of "solids." This was one of the objections. raised by the opponents of the separate Sying out of the Court. The proceedings resumeystem when the scheme was under discus-We only guarantee our Wines and Spirits to sion, but it was met by the answer that it such a pattern as would prevent solids being passed into the drains. It would appear that the difficulty has been found greater than was anticipated. Mr. Bam suggests that the Board might amplify the Sanitary By-laws by inserting a clause rendering improper use of a drain which is likely to lead to a nuisance. A penalty might very rency and a corresponding reduction in the gold has naturally been the desire of those interested reasonably be imposed if it could be shewn res Tve. the offence was committed by the tenant himself or with his cognisance and approval, but it would be rather hard if he were made

responsible for all the faults of lazy servants who waited until his back was turned Our lowest priced Whisky is of excellent in order to shove rubbish down the drains to save themselves the trouble of carrying which will not permit the passage of genuity ought, we think, to be equal to the invention of such appliances. But however Per dos. Casa | perfect the separate system may be in theory the colony cannot derive much benefit from it so long as it is applied only to a small proportion of the total number of houses in the city. To apply it generally would All these are very fine and old. Chas ben involve considerable expense, and if this had field have always afforded interesting struggles, killing process of the bettles on the best the problem. The old-time politoness and to be borne in its entirety by the property and the experience of the present sustant of insulmate and stupid pretty conflored which were introduced owners no doubt there would be considerable that when the fleet came North again flushed sented by living warrions, by gallant went to the game and afforded a peep as in grumbling and opposition, but the question' with their successes at Singapore and anxions blemen and pretty ladies, even the most were into the habits of cinvalry which is one that has to be faced and for which to have another slap at Hougkong, the Cricket captions critic of chess must confess that distinguished the med total times from the Sanitary Board and the Government them. The Navy were not so strongly represent find a solution, for it is not to be septed as on previous occasions this year, whilst little lady friend who is acting as the Ring's the players, each piece or pawn bowed to its

Tivong Ou had Room No. 5, close Jornal do Commercia 18th Decimber, 1893.

Indeed, with twepty-three years in Hongkong and London a partner in the firm of Schwin & Co., should be not have lost the tasts for boars with cocosant, milk, and papper, and become acous-Ho is I am told in negotiation with the Compania Motropolitana to raise in Chiun and thad to Brazil, himself at the hand, a colossal army of agricultural labourers, who will make farming exoul as an industry.

If the Chinese have not come to terms with Mr. Bilva Netto, I believe they will not do so with any other Brin llau Twenty-three years in China! Almost a quarter of a century with the "pigtails." This is something worthy of note.

Jornal do Commercio, 20th January, 1884. THE CHINESE LABOURER. Dr. Lacertha Wormook writes to us as fol-

To the State of Rin do Janeiro must be given the grodit of having been the first to introduce Chinese labourers here, the Companhia Metropolitana andertaking the otherwise Isbarious tank with noteworthy energy in spite of the somewhat vexations difficulties they met with in the extensive home of these good labourers. We can now say that the path is op ned to all, that the obstacles are ramoved, and that expenses are reduced, also that Brazil will throw open its ports to all labourers desirous of amploying themselves in our agricultural and Industrial establishments.

But it behaves me to coint out and I do so

with much pleasure and with a sense of in-

debtedness that my distinguished friend Jusa

Pedro da Silva Netto contributed largely to bring about each a noted benefit. He proved himself in Hongkong to be the great proclaimor of the waslth of Brazil the character of its people, the conditions of its climate, and, above all, the employers prodigality, towards such labourers as are well b haved, obadient, and assidnous in their work. The English coliny of Hounkoup is the great nursery of good labourers. Brought up under the rule of strictest mornlity, deseit and fraud are unknown to the people of that Colony, and they observe faithfully their contracts because of their knowledge that this is the only means whereby they will be protected by the higher authorities of the place. When cutrages were ment and the British Parliament closed the

perpetrated on the Chinese of Hongkoog by Para Cubs, and other conntries, the Governports of the Colony against all pations, signalling out as the only exception the French colopies. Silva Nette succeeded in anliating inthe cause of Brazil the sympathias of Mr. Longuert levidently the Commercia moons the Hop. Mr. Stawart Lookbart a high official in Hongkong, and styled there the "Protector of Chinese, and to him or to his valued cooperation, together with that of the Government of the Metropolis, to we owe the suspension of the interdict. Buch was the serupulous ours exercised in the solution of this momentous question that

Mr. Longuart was prepared to come as fur as Brazil to judge in parson of the various supects of the country and study its pulitical, social, and economic conditions. Unfortunately the fratricidal war that has rent us asunder kept of bim from carrying out bis project, and be rehowever, has not been made to no nurpose since there he succeeded in determining the question, for which he was offered a great bunquet in Hongkong by the English shipowners. And all this was brought about by Filva Natto with such a disregard for any personal interest as appeare not at all in keeping with the merconary times we live in.

Our farmers must always ber in mind the name of this thoir countryman and bless him as one who has deserved well of us. The Poly and chall xive from larps to the Phat we may be worthy of such an hamoura-Club, the dist game of the Cornement, ble excention it is necessary that Henri ian fac-
